Sanitary Ware

We want to take advantage of our
present position of strength to grow and
reach new heights.

INTRODUCTION

MEIYA Brand, a professional supplier of Bathroom & Kitchen faucets, was established in 1984 by Mr. Xia in Wenzhou City, Zhejiang Province, China.

MEIYA faucets are widely used in household and commercial applications. We enjoy good reputation in Western Europe, Eastern Europe, South America, Middle East and South Africa, Etc. We are an integrated enterprise with the ability to design, produce and sell. And we begin to export MEIYA faucets with OEM service to foreign countries since 2000. Our workshops are about 23,000 square meters, and daily output reaches 5,000pcs faucets.

The management of MEIYA is divided into 8 Departments. There are Chairman, General Manager, Production Dept., Sales Dept., Purchase Dept., Financial Dept. and QC Dept. We have 300 employees, 50 of them are administrative staffs.

To improve MEIYA enterprise competitiveness, we use imported Gravity casting equipments, digital controlled lathes, spectrographs, compound machines and assembly lines. Besides, we cooperate with Design companies of Milan Italy for designs of the most fashionable faucets.

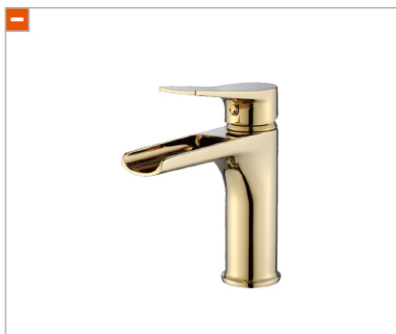

With over 20 years' development, MEIYA Brand was awarded "The Famous Brand of China Sanitary Ware" in 2008. MEIYA faucets are approved by ISO9001, CE, ACS, CUPC, WaterMark, NSF/ANSI, SASO.

Our principle is People oriented, Quality first, new Science & Technology. Our mission is to bring you the largest possible choice of bathroom faucets, kitchen faucets and other accessories. To be a better Life.
